V. **Library Director’s Report:** Rebecca reported that the Library will go live on September 9th and resource sharing will begin September 27th for the Missouri Evergreen program. In September, the monthly lending program with the Russell House started. We are providing them with about 25 books each month – collecting them around the first of each month and replacing them with another set of 25. Grab ‘n Go bags are also being taken to Russell House for kids on Mondays. A meeting with The Mission staff discussed setting up a small library on site. The Seeking Shelter program in week 3 of 10 is going well with a small amount of attendees. An ECF grant applied for wireless funds and the technology mini-grant through the State Library are both pending. The Red Cross Blood drive, August 26th was successful. The courtyard ramp, railing, and new plants look really good. The inspection conducted by Home Inspection & Construction Mgmt. revealed the library roof is the biggest need to address and the rental property with two outdated electric panels need attention. Estimates from three roofing companies will be obtained for next month’s meeting. The price estimate for power washing the Library building is $400 and the board instructed Rebecca to do it. The Library has been invited to attend three outreach events this fall: Celebrations of Nations, Octoberfest, and Missouri S&T story time on Robotics in October. Groups are allowed to reserve the meeting room again.
